Omar Dawood

Technical Lead – Enterprise Solutions & Systems Architecture

(Technical Enablement & Leadership Mentor)

3.5 years of hands-on experience in building scalable digital ecosystems across Real Estate, E-commerce, and AI sectors. Currently balancing a leadership role in systems architecture with a profound passion for **Technical Enablement and Mentorship**. Specializes in bridging the gap between complex technical stacks—including **Node.js, Laravel, and Next.js**—and strategic business objectives. Skilled at transforming vague business visions into high-impact technical features and Unique Selling Propositions (USPs). A proactive leader who combines deep technical expertise in Full-Stack and Mobile development with a commitment to developing talent and driving organizational growth through professional training and agile problem-solving.

Core Technical & Leadership Competencies

- **Full-Stack Systems Architecture:** Expert in Node.js, Laravel, and Next.js frameworks.
- **Technical Enablement & Mentorship:** Designing and delivering Full-Stack workshops for engineering teams.
- **Strategic Business-Tech Alignment:** Translating stakeholder visions into technical USPs (e.g., AI-driven Virtual Try-On).
- **Cross-Platform Mobile Development:** Specialized in Kotlin (Native) and Flutter (Cross-platform) solutions.
- **Database & Infrastructure Management:** Proficient in SQL, MongoDB, PostgreSQL, and DevOps (Hostinger/Local Servers).
- **Agile Problem-Solving & Decision-Making:** Skilled in navigating high-pressure environments and meeting tight deadlines.
- **Soft Skills for Engineers:** Training technical teams on effective communication, professional ethics, and stress management.

Training & Education

- **Master Full-Stack Web Development with Laravel & PHP** | Coursera
- **Information Systems Auditing and Governance** | Packt
- **Foundations of Project Management** | Google
- **Computer Network Fundamentals** | ITI
- **Ethical hacking** | ITI

PERSONAL DATA

- *Date of birth: 14/12/2004.
- *Nationality: Egyptian.
- *Marital Status: Single.
- *Military Status: Exempted.

Professional Experience:

Micro Engineering Tech Inc. AI Model Trainer (Machine Learning) | 2026 – Present

- Training and optimizing AI models for autonomous vehicle systems in the Canadian market.
- Ensuring high accuracy in data labeling and model performance for real-time driving environments.

Brand Mawgood (E-commerce) Technical Lead | Dec 2025 – June 2026

- Led the cross-functional team responsible for building the complete Visual Identity and Digital Ecosystem.
- Architected and deployed the Inventory Management System, Admin Dashboard, and Storefront.
- Integrated the web platform with mobile applications and managed the full production release.

Madinaty Lights (Real Estate Marketing) Software Engineer | July 2024 – Nov 2024

- Developed and launched the company's official real estate web platform.
- Implemented features to enhance property listings and user engagement for real estate marketing.

Blue Desk (Software Solutions) Software Engineer | Jan 2024 – June 2024

- Built and maintained scalable web and mobile applications for various clients.
- Collaborated on full-stack development projects, ensuring high-quality code and system performance.

Qudraat Academy (Training & Consulting) Head of IT / System Administrator | 2023

- Managed company servers and local IT infrastructure, ensuring 100% system uptime.
- Resolved complex technical hardware and software issues across the organization.
- Launched an internal training initiative to develop junior technical talent to support web development projects.

Technical Skills (Hard Skills)

- **Backend Development:** Node.js, Laravel (PHP).
- **Frontend & Mobile:** Next.js, Kotlin (Native), Flutter (Cross-platform).
- **Database Management:** SQL, PostgreSQL, MongoDB, XAMPP.
- **DevOps & Infrastructure:** System Administration, Server Management (Hostinger/Local Servers), Deployment.
- **AI & Data:** AI Model Training, Machine Learning Data Optimization.

Professional & Leadership Skills (Soft Skills)

- **Technical Leadership:** Team Mentorship, Knowledge Transfer, Agile Task Management.
- **Business Intelligence:** Strategic Problem-Solving, USP Innovation, Stakeholder Communication.
- **Personal Effectiveness:** High-Pressure Resilience, Decision-Making, Rapid Learning & Adaptability.
- **Operational Excellence:** Planning & Organizing, Time Management (Meeting tight deadlines), Professional Ethics.

I am excited to leverage my technical expertise in full-stack architecture and my proven ability to align technology with business goals to drive innovation within a forward-thinking organization. With a strong foundation in team mentorship and a passion for solving complex technical challenges, I am committed to developing high-performance engineering cultures and delivering scalable solutions that create a real market impact.

Sincerely,

Omar Dawood
